King's
Crown

Dick,

We've had many great times at Anna's this year and I hope there will be many more. My time is nearly up at King, and I know that the pigeon suit will look like the birds on me! Yuk! Yuk! - But I won't sweat the little things.

I sure hope that your future proves profitable in every way.

- Say, how are is the job hunting coming? ... I hope that I'll see you this summer as well as next fall.

Best wishes and remember me,

Just me,

Ruthann '63

DEDICATION

Strength of purpose is needed in this world of conflicting forces which constantly threaten to destroy the fabric of our lives. However, as the days and years pass, with the aid of inspiring and interested guidance we can continue to weave the threads of our existence into a meaningful pattern. Our ideals are the golden threads which outline and illumine this pattern, giving it strength as well as design for the future.

DR. WALTER BRAUER
Principal

When students take time to analyze and to critically study the outcomes which they wish to achieve through high school attendance, their ideas have much in common with the accepted goals of the American high school.

The students desire to increase their personal, social, and vocational competencies for effective living in a free society. They wish help and training in solving academic and personal problems. They desire to gain the self-reliance, the problem-solving skills, and — although not always voiced — the moral and ethical values needed to be effective individuals. The young people feel a need for aid in understanding the many-sided society in which they live. And, finally, they desire to gain the skills and knowledge that will enable them to support themselves and contribute to the economic and social development of the nations.

It is our desire and earnest effort to fulfill, in a high degree, these expectations through various courses and activities.

Walter L. Brauer

MR. WALTER R. OLEN
Vice-Principal

"Freedom" was the cry as our forefathers established this nation. Little did they realize that the United States of America would rise as a world power within a short time of 200 years. The national unity was strengthened with the passing of each decade because the people were willing to commit sacrifices, work industriously and give of themselves unselfishly to provide a better life for themselves and their children.

In order to continue this pace and assist in advancing mankind each of us need to strengthen the school unity by increasing the effort, working to capacity, setting goals and improving the democratic way of life. A united effort in our school enhances the educational accomplishments which will light the way to a brighter and more fruitful future. The time is now; tomorrow may be too late.

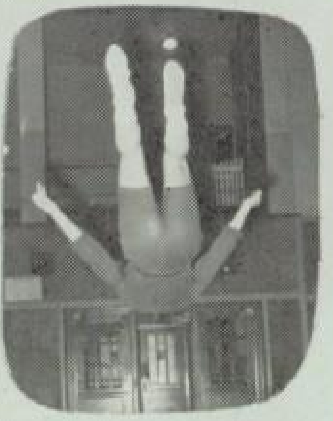
G.A.A.



ALL THE KING'S MEN

WE CAME, WE SAW,

TRACK

The 1961 Track Season saw many fine performances on the part of its team members which produced a very successful record in competition. King took 4th in the City Indoor Meet as Abraham placed 2nd in shot put, Bubolz 4th in pole vault, Dallman 3rd in high hurdles, Captain Henrich 1st in the first section of the mile, Lawrence and Triggs 5th in the high jump, and Parkman 3rd in the broad jump. As our discus team, composed of Burkowitz, Peters, and Scheer, set a new record and Henrich finished 1st in the mile, King again took a 4th in the Shorewood Relays. The highlight of the track season according to competent head coach Stanley Hanks was placing 1st in the All City Relays with 63 points to edge out that school on Sherman Boulevard by 2 points. Our broad jump team, Buehler, Parkman, and Triggs, and our discus team set city records while our shot put team took a 1st. In the State Sectional competition at North Stadium, King took 1st with 56 points. This was followed with a good showing in the State Meet by Captain Henrich as he placed 3rd and set a new school record in the mile of 4:27.6. The season concluded with the City Meet in which King placed 5th.

TENNIS

Under the coaching of Mr. Sam Balistreri, Glenn DePetro took a fourth for King in the City Tennis Competition while the doubles team of Neil Christiaansen and Richard Michuda finished fifth. The 1961 tennis season saw a young group do well with the entire team qualifying for State Tournament as King placed second in the Nicolet Sectional. Barring unusual circumstances, this team will return in '62 to compete in what looks to be an outstanding tennis season.

GOLF

While most of us were hit by spring fever, the golf team, under the direction of Mr. Lowell Adams, was hard at work. The team earned second place in the city tournament, held at North Shore Country Club: and ninth in a field of thirty at the Janesville Invitational Golf Meet. Also at Janesville, Lee Wilson won a seventh place medal with a round of 77. To end the season on a lighter note, the team played a nine hole match against the teachers. For the results of this match, we quote a source who, for obvious reasons, wishes to remain anonymous: "The teachers didn't have a chance."

BASEBALL

The baseball team finished in fourth place this year, with a 14½ and 7½ record (the ½'s, for the uninitiated, are for tie games.) The boys, under the direction of Mr. Robert Neubauer, were in first place at mid-season, but met with some unfortunate defeats in the latter half. Larry Hust was named to the All City first team; and Ron Gaudes and Gerrit Madderom were voted to the second team.

FOOTBALL

The Generals' fourth place finish this year was a well earned position in the closely matched city conference. The team was in contention for first place until the last game when their loss to Washington dropped them from the top. King won its first four games in a row before dropping a close decision to Pulaski, 13 to 6. They came back with two more victories over West and Juneau before faltering against Washington in the final contest of the year. This left the Generals with a fine six and two record for the season, for which the two new coaches, Mr. Edward Kotecki and Mr. Ronald Brock can be very proud.

CROSS COUNTRY

The Cross Country team, coached by Mr. Norman Ruenzel, did quite well this season against tough competition. King won four of its five dual meets and received success when they won the North Shore Championship and placed a very close second in the City Meet. The season ended in a less happy way, failure to qualify in the State Sectional Meet thus keeping our team from competing in the State Meet. The fine spirit of the team, however, was a definite compliment to all persons involved.

WE CONQUERED

BASKETBALL

Amid hearty cheers, Rufus King's 1962 Basketball squad made its way to the Menomonee Falls Regionals by defeating Washington and Juneau in two highly spirited games. There they captured the Regional Championship, winning their game over West Milwaukee. They were defeated by the State Champion squad of Lincoln and were victorious over Waupun at West Bend. The team was led throughout the season in scoring by Neil Christiaasen and Dane Matthews who rebounded excellently as well. On defense, Jesse Teat and Milt Buchanan came through with some fine showings. As the season drew to a close, Mark Young proved himself a valuable addition to the General's squad. Some of the fine reserves included Al Crane, Jim Filapek, Ron Sterling, and Jay Warecki.

WRESTLING

The 1961-62 wrestling season got off to a fine pace but later slowed under the effects of frequent injuries and absences. Our varsity wrestling squad tied for third in the City Wrestling Tournament. From here the team went on to qualify Greg Hobson and Jim Kuritz in the Nicolet Regional Matches. Both of these boys will compete at Nathan Hale High School in the Sectional Meet to attempt to qualify for the state competition. Coach Balisteri is looking forward to a fine wrestling season in fall of '62 with many veterans returning and hopes for many up-and-coming underclassmen.

SWIMMING

The Swim Team fell into Varsity competition and turned out what Coach Donald Foltz called a "building year." Jim Henderson was unbeaten all season and a City Champion and record holder in the 400 yard Free Style as well as in the 100 yard Breaststroke. Graduating senior, Steve Lofgren, improved steadily all year to become one of the City's top sprint free stylers and gained recognition in the City Swim Championships. Gordon Merz turned in a couple of 2:17 clockings for the 200 yard Free Style during the City Meet to take third in the event. Bob Wendler was Little City Champion in the 220 yard Individual Medley. Other outstanding members were Ulrich Foerster and Art Guenther in the Backstroke and Vic Vaughn in the Butterfly. With three up-coming Freshmen—Bill Henderson, Dave Henkle, and Tom Hundt, next year should be a banner year for King.

PUBLICATIONS

With the great abundance of activity found at King, the job of producing the two publications, "The Crown" and "The Page", is a mighty one. Lynne Johnson, as editor-in-chief and Judy Belanger as assistant editor-in-chief, lead their staff in producing the book which so aptly portrays the life at King. They are assisted by the experience of Miss Mary Gaunt, Crown faculty advisor. Bill Beckett, Bob Carr, and Sue Hartung, as co-editors of "The Page", organize the production of the monthly paper which keeps us well informed on news within our walls. Mr. Donald Gietzen, as Page faculty advisor, assists this group in accomplishing their formidable task.

HARMONY

ORCHESTRA

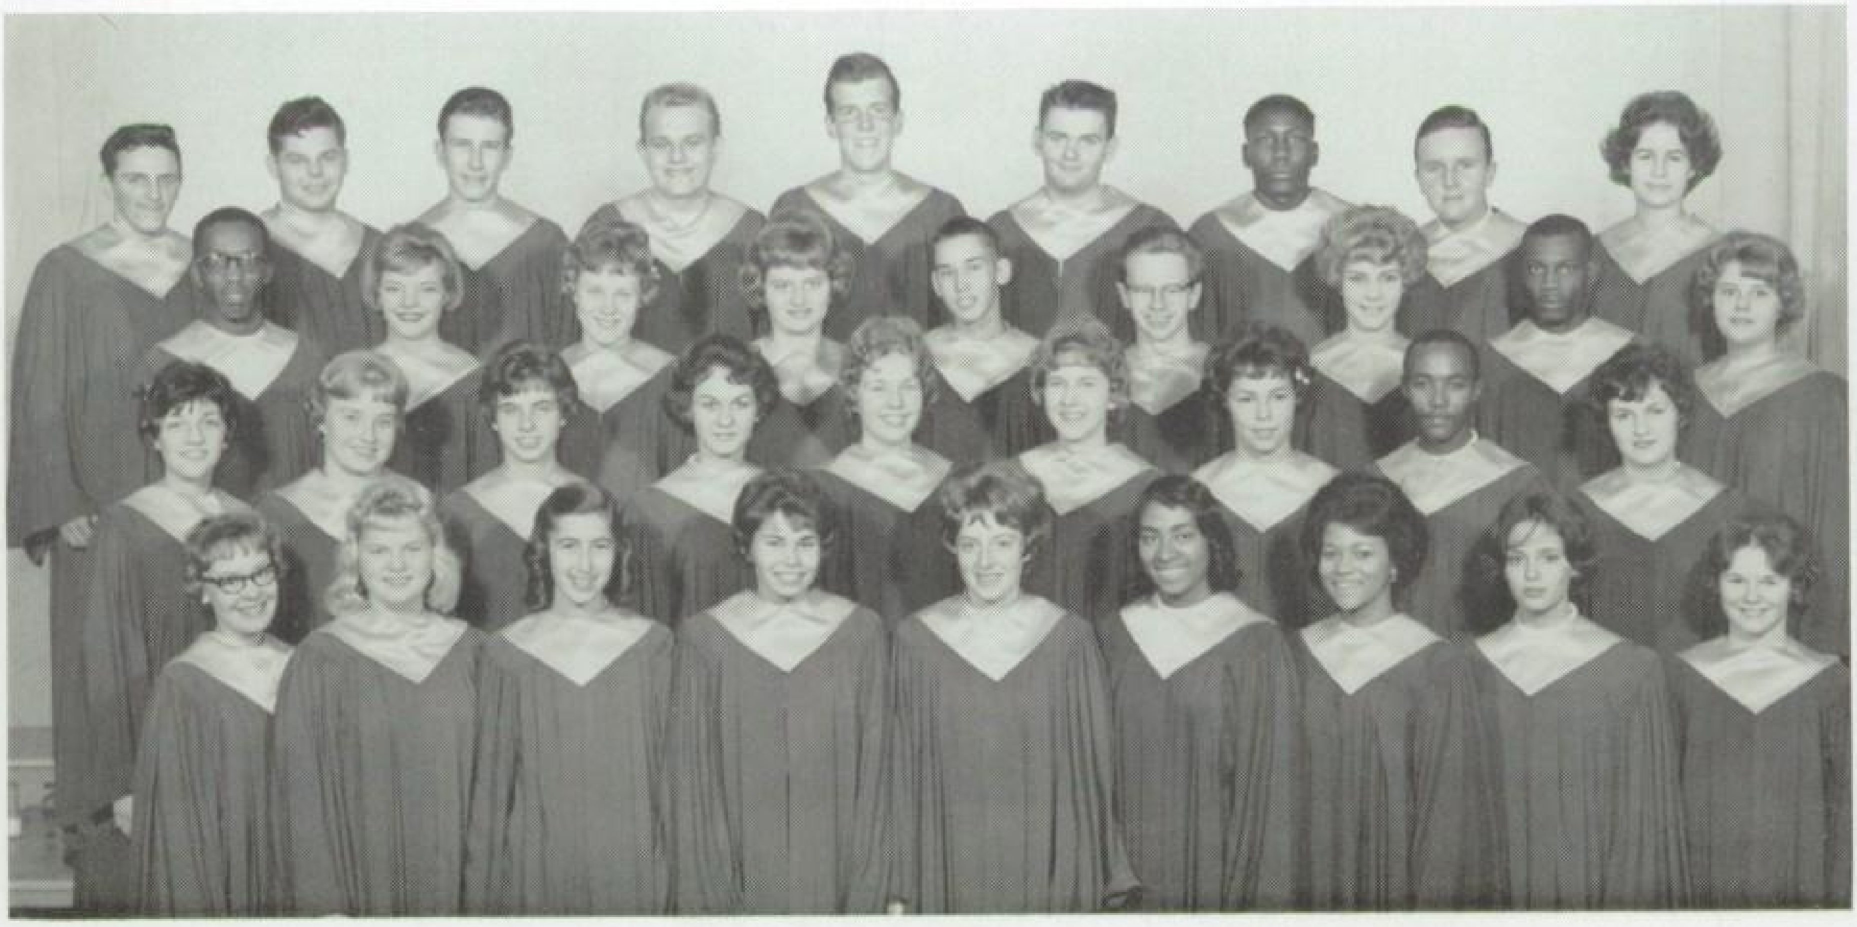
Mr. Arthur Zahorik, director of our fine orchestra, meets with his prodigies in room 122 the first hour of each day for vigorous practices. Spring and Winter Concerts, theatrical stagings, and graduations help to display our 50 piece orchestra's musical ability. Anyone who has heard them knows that these students don't mind the work for they think performing is more fun than being a listener.

BAND

The band, under the direction of Mr. John Tall, played an integral part in contributing to the spirit at King as it marched for football games and added life to the occasional pep rallies during this season. For the first time at King a new type of half-time entertainment was introduced. A narrated story with appropriate music and formations on the field added color and enthusiasm. Our band also performed well for the annual Christmas and Spring Concerts. Approximately 40 of our band members entered the Wisconsin School Music Solo and Ensemble Festival and Contest with many gaining recognition for their outstanding work.

A CHOIR

Pandimonium reigns each 6th hour in room 122 until Miss Alette Jahren, head of A Choir, with the able assistance of Choir Presidents, Shelby Shannon and Thomas Behling, puts its members through its paces. One can audition for A Choir for its academic half credit or for the enjoyment of singing in a group. When they put on their blue and gold robes, delightful sounds of concentrated practice and effort emerge. All this talent is displayed in regular Winter and Spring Concerts, June Graduation, and the All-City Music Festival. With the prevailing spirit of fun in music, this group also serves our community by giving concerts in neighboring churches before Christmas and during the season of Lent.



LIBRARY CLUB

CROWN PLAYERS

The purposes of the Crown Players are to learn the creative art of dramatics, to present public performances, and to carry on any activity related to speech and drama. Meetings are held every Tuesday at 3:30 P.M. in room 112 under the experienced leadership of Miss Catherine Miller and President Dennis Gall. Each year the Crown Players produce a three act play, several one act plays or a classical play, and a Christmas presentation. Their major work this season was "The Diary of Anne Frank", which was very well received by all who attended.

SC

STUDENT COUNCIL

Each year the Student Council swings into action, ready to represent the school body in the best way possible. Advisors, Mr. George Ludwig and Mr. Allan Prasser, and President Cheryl Jovonovich help to keep order as issues are presented and enthusiastically carried out. Activities such as Freshman Orientation, the Spring Art Show, and sponsorship of our Greek foster child, Demetrius, keep them busy. One outstanding, new achievement of the Student Council was the establishment of a literary magazine in which students are given the opportunity to display their talents. The fine activities of our student body is something to which we may all give our appreciation.

F. T. A.

The F.T.A., Future Teachers of America, is headed by Miss Frances Scherkenbach who leads a general discussion of the teaching profession at every meeting and presents the students with any information she has on the subject. The F.T.A. carries on many activities, some of which are: the "Mum" sale for homecoming, the "Coffee Break" honoring teachers, a field trip once a semester, this semester to U.W.M., and the carnation sale in May. Every December and May, the F.T.A. enjoys a Christmas Party or Tea including the presentation of red apples to all students who have earned 50 or more points in the service of F.T.A., honoring of all 12A's, and refreshments.

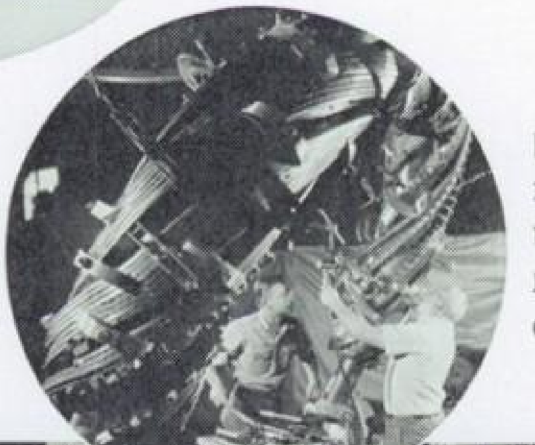
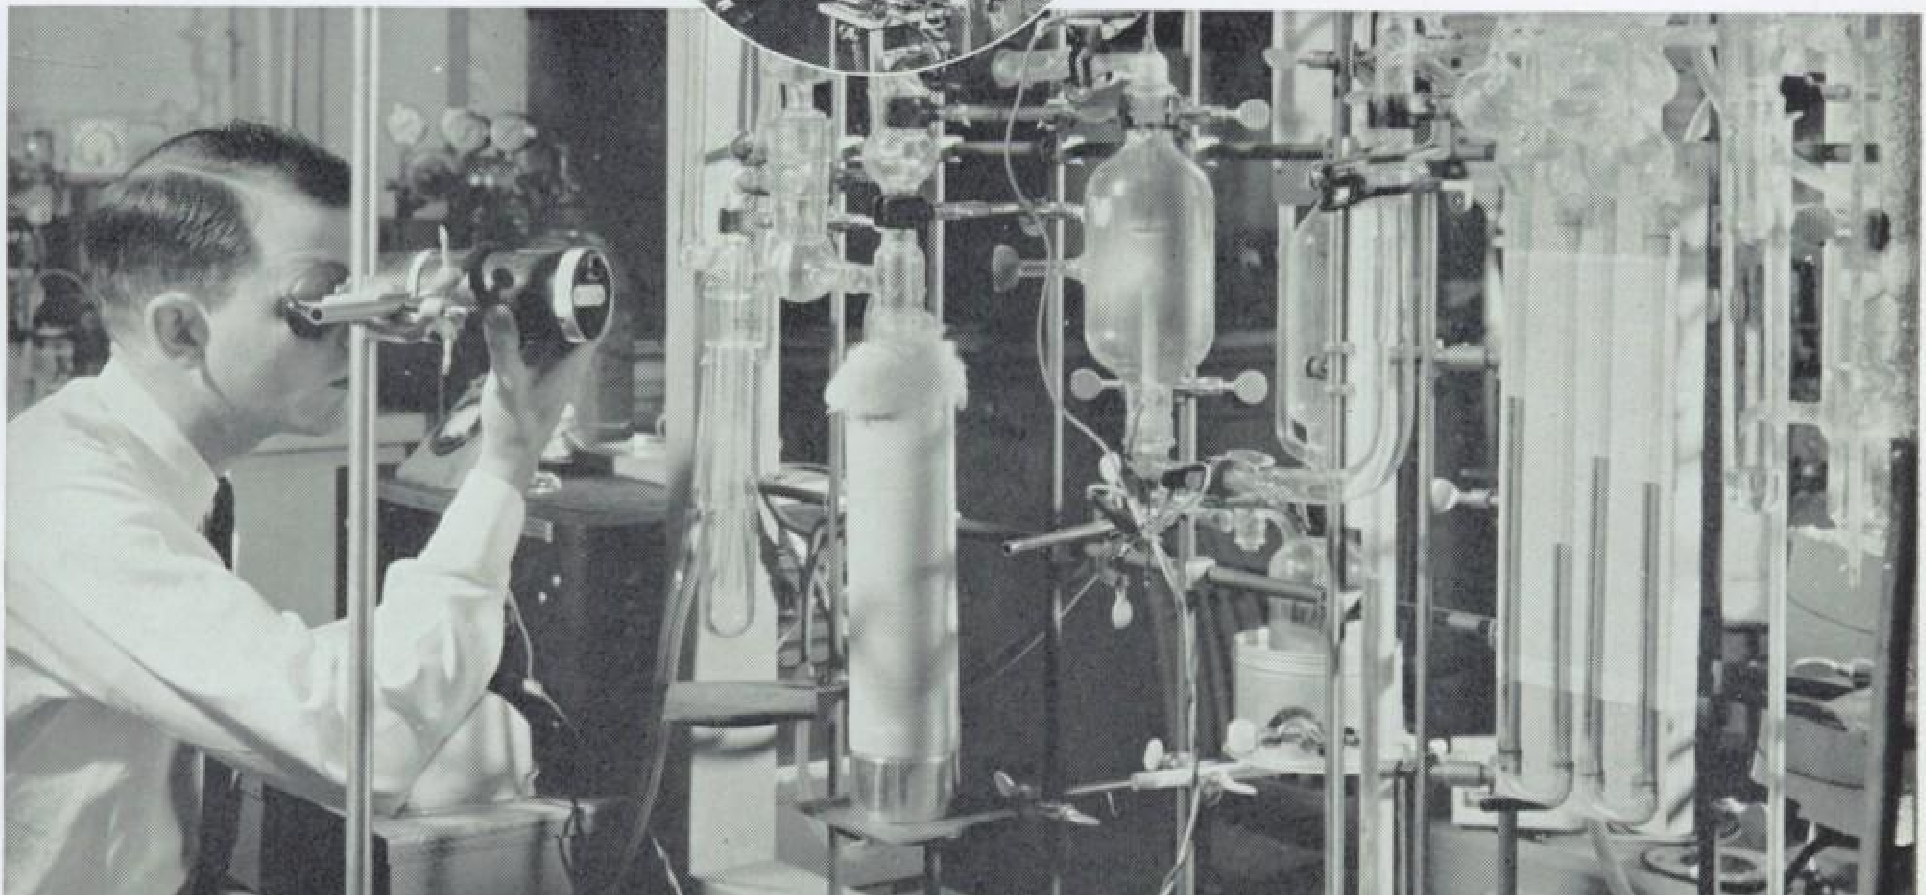
DIAMONDS? No, even more valuable. They're pellets of high-grade iron ore, produced with the help of A-C equipment, from taconite — once considered unfit for mining. Tomorrow . . . direct reduction of ore to pellets at the mine? Very possible.

FUEL CELL
Fuelectric

A NEW POWER SOURCE on which Allis-Chalmers researchers are working, the fuel cell, may well be used to deliver efficient power to vehicles of the future.



PLASMA PHYSICS, research into the mysteries of nuclear fusion requiring temperatures of 100,000,000 degrees, may develop new ways of generating electricity for you in the future.



. . . AND TOMORROW ? . . . STILL ANOTHER CHALLENGE!

From this new challenge may well come the products and processes needed to protect and prosper the Free Peoples of the world.
